

APPENDIX 9

Annual Report from Earsham Bowls Club

We had a pretty good year as a small village bowls club.

The Monday league team won division 2 and got promoted to division 1 and hopefully can stay up this year.

The Tuesday league team came runners up in division 1.

The sunshine league team came third in their league and the Halesworth league got into the final of the cup but unfortunately came runners up.

Keeping the bowls green gets more expensive every year, the price of fertilisers and other products we need have increased dramatically over the last year.

Other ways of getting financial support need to be looked at, such as sponsorship in the form of advertising etc but it is difficult as times are difficult for everybody.

Financially we are okay and report a small loss this year of £72 which decreases our bank account to £3,158.
