

APPENDIX 10

Annual Report from Earsham Village Hall Committee

The Village Hall continues to be supported by a number of local groups including Indoor Bowls, Charity Cycling, Painting Classes, Dance Classes and regular bookings from Lynfield Nursing Home plus, of course, quizzes and other local events organised by the Committee.

The number of private functions has halved since the previous year and this, together with substantially increased energy costs and some minor improvements has resulted in a deficit for the year of £2280.

Energy costs are being reviewed but the existing supply contract does not expire until November 2025 so it may be necessary to increase the metered rate we charge to offset this cost.

However, the overall financial position remains healthy with reserves standing at just under £11,000.
